

## PROTOCOLS

**COLORADO STATE  
UNIVERSITY**

**The protocol listed below has been approved by the CSU IRB SBER Fort Collins on Wednesday, December 7th 2022.**

PI: Currin-McCulloch, Jennifer

Submission Type and ID: Amendment 2889

Title: The Meaning-Making Experiences of Peer-Inmate End-of-Life Care Volunteers and Advocates

Approval Date: Wednesday, December 7th 2022

Continuing Review Date: no date provided

Expiration Date: Tuesday, June 20th 2023

The CSU IRB (FWA0000647) has completed its review of protocol 2889 The Meaning-Making Experiences of Peer-Inmate End-of-Life Care Volunteers and Advocates. In accordance with federal and state requirements, and policies established by the CSU IRB, the committee has approved this protocol under Expedited review.

Any additional comments regarding this approval are included below. If you have additional questions about this please contact RICRO IRB Staff.

**Please note:**

- This protocol will need to undergo Continuing Review and approval prior to no date provided.
- Any additional changes to this approved protocol must be obtained prior to implementation of those changes, by submitting an amendment request to the CSU IRB for review/approval.

Good luck in your research endeavors!

Amendment [v6] has been reviewed and granted approval by expedited review (§46.110(b)(2)) of minor changes on December 7, 2022. This protocol was previously reviewed at the SBER IRB convened meeting on November 8, 2021. This amendment was assessed as qualifying for expedited review, categories 6, 7. This amendment includes updated procedures to extend the research survey to correctional end-of-life advocates; updated materials include a consent form, interview guide, and recruitment methods. The IRB has determined that the risk level remains no more than minimal and the safeguards for participants are appropriate. The study was assessed as being in accordance with 45 CFR 46.111 of the 2018 Requirements. This study is unfunded.
